AMENDMENT NO. 1

The undersigned registrant hereby amends the following items of its Annual Report on Form 10-K for the fiscal year ended March 31, 1996, as set forth in the pages attached hereto:

PART III

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT.

DIRECTORS AND EXECUTIVE OFFICERS.

The required information concerning Directors and Executive Officers is contained in Part I of the Company's Form 10-K filed with the Commission on or around June 28, 1996.

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission ("SEC"). Such persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms filed by such persons.

Based solely on the Company's review of such forms furnished to the Company and written representations from certain reporting persons, the Company believes that all filing requirements applicable to the Company's executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock were complied with during the fiscal year ended March 31, 1996.

ITEM 11. EXECUTIVE COMPENSATION.

SUMMARY OF CASH AND CERTAIN OTHER COMPENSATION

(1) Potential gains are net of exercise price, but before taxes associated with exercise. These amounts represent certain assumed rates of appreciation only, based on the Securities and Exchange Commission rules. Actual gains, if any, on stock option exercises are dependent on the future performance of the Common Stock, overall market conditions and the optionholders' continued employment through the vesting period. The amounts reflected in this table may not necessarily be achieved.

(2) All options granted in fiscal 1996 were granted pursuant to the Company's 1989 Stock Option Plan. The options vest and become exercisable at the rate of one-half on the first anniversary of the date of grant and 1/24 per month thereafter for each full month of the optionee's continuous employment by the Company. Under the Company's 1989 Stock Option Plan, the Board retains discretion to modify the terms, including the price, of outstanding options. For additional information regarding options, see "--Change of Control Arrangements."

(3) All options were granted at market value on the date of grant.

- - - - -

- (1) Company stock options generally vest one-fourth on the first anniversary of the date of grant and 1/48 per month thereafter for each full month of the optionee's continuous employment by the Company. However, each of Ms. Lu and Messrs. Wong and Ostoich received in fiscal 1996 options to purchase 15,000 shares of the Company's Common Stock that vest one-half on the first anniversary of the date of grant and 1/24 per month thereafter for each full month of the optionee's continuous employment by the Company. All options are exercisable only to the extent vested.
- (2) The value of the unexercised in-the-money options is based on the closing price of the Company's Common Stock (\$5.875 per share) on March 31, 1996 and is net of the exercise price of such options.

All non-employee directors of the Company, receive compensation in the amount of \$750 per Board meeting they attend plus reimbursement of reasonable travel expenses incurred. In addition, Dr. Tucker serves as consultant to the Company and receives a monthly compensation of \$1,000 plus reimbursement of expenses for attending meeting at or on behalf of the Company. Each of the Company's non-employee directors also receives an automatic annual grant of options to purchase 2,000 shares of Common Stock under the Company's Outside Directors Stock Option Plan. Dr. Tucker received an additional annual grant of options to purchase 5,000 shares for serving as a consultant. Gary H. Stroy and Clinton H. Severson, the directors of the Company who are also employees of the Company, do not receive any compensation for their services as members of the Board of Directors.

CHANGE OF CONTROL ARRANGEMENTS.

The Company's 1989 Stock Option Plan and the Outside Directors Stock Option Plan (the "Option Plans") provide that in the event of a transfer of control of the Company ("Transfer of Control"), the surviving, continuing, successor or purchasing corporation or a parent corporation thereof, as the case may be (the "Acquiring Corporation"), shall either assume the Company's rights and obligations under stock option agreements outstanding under the Option Plans (the "Options") or substitute options for the Acquiring Corporation's stock for such outstanding Options. In the event the Acquiring Corporation elects not to assume or substitute for such outstanding Options in connection with a merger constituting a Transfer of Control, the Company's Board shall provide that any unexercisable and/or unvested portion of the outstanding Options shall be immediately exercisable and vested as of a date prior to the Transfer of Control, as the Company's Board so determines. Any Options which are neither assumed by the Acquiring Corporation, nor exercised as of the date of the Transfer of Control, shall terminate effective as of the date of the Transfer of Control. Options which are assumed by the Acquiring Corporation shall become exercisable and vested as provided under the stock option agreement under the Option Plans, unless the Acquiring Corporation terminates the optionholder under certain circumstances defined in the Option Plans. Under such circumstances, the holder's Options shall become immediately exercisable and vested as of the date of termination.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors is comprised of two non-employee directors of the Company. The Compensation Committee is responsible for setting and administering the policies governing compensation of the Company's employees, including its executive officers. The goals of the Company's executive officer compensation policy is to attract, retain and reward executive officers who contribute to the Company's success and to motivate these executives to achieve the Company's business objectives. The Company uses salary, stock options and incentive bonus to meet these goals.

Salaries are initially set for each executive officer with reference to the range of salaries for similar positions in comparable companies in the Company's industry, as reported in compensation survey information obtained by the Company from compensation consulting firms. Salaries are generally set near the middle of the applicable range for each position, and adjusted for historical and expected contributions of each officer to the Company. Salaries are reviewed annually for comparability against the industry survey and adjustments are made if necessary to maintain competitiveness within the industry. Salaries may also be adjusted on an individual basis during the year as the Compensation Committee deems appropriate, typically related to new job responsibilities or assignments. In October 1995, three of the Company's executive officers received salary adjustments ranging from 4% to 8%, based on new job responsibilities. In April 1996, during the Company-wide annual salary review, the Compensation Committee reviewed the executive salaries and found them to be within the proper ranges and hence no salary adjustments were made.

The Compensation Committee strongly believes that executive compensation should be based in part on the Company's performance and has used stock options and incentive bonus to accomplish this goal. In April 1995, the Compensation Committee approved an executive bonus plan with target bonus levels set at 15% to 20% of annual salaries for accomplishing certain Company objectives. In April 1996, the Compensation Committee reviewed the Company's achievements against these goals and approved payment of 50% of these targeted bonuses.

The Compensation Committee believes that equity ownership by executive officers serves to align the officers' interests with the interests of shareholders by providing the officers with incentive to build shareholder value. In November 1995, the Compensation Committee approved option grants to executive officers who had assumed new job responsibilities. Further, as part of the annual performance review in April 1996, the Compensation Committee granted additional incentive stock options to all officers of the Company, except those officers with less than six-month service with the Company.

The Compensation Committee annually reviews the performance and compensation of the President and Chief Executive Officer of the Company. During fiscal 1996, Gary H. Stroy served as the President and Chief Executive Officer of the Company. In June 1996, Clinton H. Severson succeeded Mr. Stroy as President and Chief Executive Officer of the Company.

During fiscal 1996, Mr. Stroy's compensation consisted of salary, incentive stock options and performance based bonus. During the annual review, the Compensation Committee found Mr. Stroy's salary to be appropriate as compared with comparable companies within the Company's industry, based on the compensation survey information obtained by the Company from compensation consulting firms. In May 1995, the Company entered into an agreement with Mr. Stroy that increased Mr. Stroy's salary and provided him with one year's salary and benefits and immediate vesting of his outstanding stock options if his employment with Abaxis was terminated after August 1, 1995. In April 1996, as part of the Company's annual performance review, the Compensation Committee awarded Mr. Stroy based on the Company's achievements against objectives an incentive bonus equal to 10% of his salary
